

BY A WOMAN

Three Big Burglars Were Bagged at Cleveland.

Fair But Muscular Young Widow in Forest City a Heroine.

A Chicago Woman Armed With an Empty Pistol Kept a Thief at Bay Till the Burglar Learned That it Was Not Loaded.

Cleveland, O., March 5.—Three burglars were caught after a desperate struggle by Mrs. Fannie Blackburn, 30 Howe street, last night. Mrs. Blackburn is a widow of about 35, fair and muscular. She lives with her little daughter of 13 and her two sons.

Last night the entire family were away from home. Mrs. Blackburn and her daughter returned about 9 o'clock. Half an hour later they were getting ready to retire when the little girl thought she heard a noise outside.

"Mamma, someone is trying to open the collar door," she said.

They peered from the window just in time to see two forms disappear down the cellarway, a third man slipped behind the house.

"Afraid!" said Mrs. Blackburn. "Afraid! Do you think I fear any man?" said Mrs. Blackburn in telling the story today.

The reporter thought not, for Mrs. Blackburn was kneading her bread and her forearm measured a good sixteen inches.

"You see, I'm a lone wider," said Mrs. Blackburn, with an expansive smile, "and I am prepared for emergencies."

Mrs. Blackburn says she went for the men with a hickory club, felled one and chased the other two out into the street, where a convenient policeman nabbed them. The other man was caught later. The police say they are desperate characters.

CURED

Of Hiccoughs by Use of Electricity Was Mr. Green.

Trenton, N. J., March 5.—Electricity has been applied in this city as a cure for hiccoughs. Frank Green, a student at the Trenton School of Industrial Art, was the patient and after three days suffering with the malady he was in a much weakened condition. Then a friend suggested the use of electricity and a light current was applied to Green's body. An improvement was noted and the strength of the current was increased. Finally with a sudden shock the hiccoughs ceased and the cure was complete.

ALONE

On a Barren Rock Larsen Lived for Fourteen Months.

San Francisco, March 5.—Charles Larsen, the Robinson Crusoe of Clipperton Island, came back to civilization Friday on the steamer Peru. For fourteen months he lived alone on a barren rock, his only companion being a dog, a dozen chickens and myriads of sea fowl. Larsen accepted the position of lone watchman on Clipperton Island from the Pacific Island company, which has a concession for rock and all its guano deposits. Having been landed on the isolated island by a schooner he insulated himself making repairs to buildings and making friends with the fowls. The sea birds were so tame that Larsen could pick them from their nests.

GROFF

Draws Two Year Sentence and Fine of \$10,000 Today.

Washington, March 5.—Justice Pritchard this morning overruled the motion for a new trial in the case of Samuel A. Groff, inventor of the patent letter box fastener, and sentenced him to two years in Mountsville, W. Va., prison and to pay a fine of \$10,000, the same as the other co-defendants in the postoffice conspiracy trial recently concluded. Groff was subsequently released on \$20,000 bond pending an appeal.

MINERS

And Operators Hear Report Asking for a Five Cents Per Ton Reduction.

Indianapolis, Ind., March 5.—According to the program the miners and operators met this morning in joint convention to hear the report of the scale committee. This report practically asks for five cents per ton reduction. The operators made speeches asking the miners to accept it. The joint convention then took a recess until 3 o'clock. Meanwhile the national convention of miners will discuss the reduction at a secret meeting and the final vote will be taken at 2 o'clock.

The strongest plea made by the operators in their speeches today was that the miners should accept this reduction in the effort, if for nothing else, to keep the inter-state movement alive.

MASTODON

Found 38 Feet in Earth Near Dawson—The Skeleton Is Worth \$50,000.

Dawson, I. T., March 5.—The form of a mastodon has been discovered at a hillside on Quartz creek imbedded 38 feet in the earth. The hair and skin of the beast are in a perfect state of preservation, although the flesh is decomposed and the big tusks, which remain attached to the skull, are in good condition. It is estimated that the skeleton is worth \$50,000.

FLOOD

Threatens the City of Harrisburg

RIVER IS FIVE FEET ABOVE DANGER LINE AT 1 P. M.

Stream is Blocked by Heavy Ice Gorges.

THE SITUATION AT TOLEDO, O.,

Is Practically Unchanged Today—Village of Grand Rapids in a Bad Way.

Harrisburg, Pa., March 5.—(Bulletin.)—Harrisburg and vicinity are now threatened with the most disastrous flood in their existence. Unless the ice gorge in the river below the city breaks within twenty hours, the situation will become desperate. At one o'clock this afternoon the swollen river was 22 feet above the low water mark, five feet above the danger level and rising slowly. The lower part of the city is submerged. Last night 100 residents of that section had to leave their homes.

Toledo, O., March 5.—The flood conditions on the Maumee are practically unchanged today. Indications are more hopeful than ever, because the ice in the lake is reported to be breaking, giving the big gorge a chance to move out. The village of Grand Rapids is in sore straits. The supply of provisions is giving out, and many people who lost their all are suffering. Subscriptions are being taken in towns nearby that did not suffer and provisions will be taken to the village in wagons and boats.

Serious Smallpox Epidemic Is Raging in Trans-Baikal District—News From The Far East.

Chifu, March 5.—Word reached here today that the Japanese troops have landed in some force at Gensan, on the eastern coast of Korea. They are not proceeding north toward Vladivostok, as might be expected they would, but are instead making for Ping Yang, where they will reinforce the Japanese forces already there. The forces at Ping Yang are also being reinforced daily from Seoul and the western coast. The Russian advance column which is now situated at Anju, about 25 miles north of Ping Yang, is but a small number.

JAP VICTORIES

Reported in Berlin—How Other Powers Stand on the Situation.

Berlin, March 5.—The Japanese minister in Berlin has informed the former minister of state that the Japanese had scored a number of military successes that were being suppressed for specific reasons.

In the meantime, however, in official circles the attitude of France toward Russia in the event of active participation by China in the far East continues to be much discussed.

The following appreciation may be regarded as the official view:

"It is well known that the Russian government has favorably received China's declaration of neutrality, and (Continued on Page 6, 6th Col.)

Father Ernest and two domestics, Mary and Margaret Brady, were burned to death and Fathers Kearney and Hennegan were injured in a fire which destroyed St. Patrick's Roman Catholic church and its adjoining rectory early this morning in Long Island City. The fire caught in the church and spread rapidly to the rectory. All escape for Father Ernest and the two domestics was cut off by the flames. The bodies were found in the ruins.

PLUNGE

From a Fifth Story Window Taken by an Insane Man.

Chicago, March 5.—Passengers on a South Side elevated train were thrown into excitement today by seeing the white robed figure of a man perched on the window ledge on the fifth floor of McCoy's hotel. For an instant the figure wavered and then plunged head foremost to the pavement below.

He was found to be Albert Lane, a salesman. His skull was crushed in and he was taken to the County hospital, where he was said to be fatally hurt. Lane is thought to have been suffering from a hallucination which caused him to take the leap. The victim is 26 years old, and his parents live in Houston, Minn.

New York Democrats.

Albany, N. Y., March 5.—The Hill forces, strengthened by the final swinging of the Brooklyn delegation, are in supreme control of the Democratic state committee today and at 12 o'clock the sage of Woodford's roost is in conference with Charles F. Murphy at the Tench Hotel putting the finishing touches upon the preparations. The surprise of the day occurred early this morning when committee man Sheelin received word from Hugh McLaughlin to deliver his followers in the Brooklyn delegation to the aid of his old friend David B. Hill. The Hill forces are for Judge Parker for President.

SMOOT INQUIRY

President Smith Again on Stand at Washington.

Mormon Leader Says Polygamy is Fast Dying.

Two of Smith's Five Wives Interviewed Today at Salt Lake--Beveridge and Foraker Are Rebuked--Progress of the Senate Investigation.

Washington, March 5.—President Smith, of the Mormon church, resumed the stand this morning in the Reed Smoot case before the senate committee and was examined by A. S. Worthington, of counsel for the defense. He was asked as to the number of polygamists in the Mormon church. In response he produced a statement showing results of recent counts, saying he could vouch for its accuracy.

"It was ascertained," said he, "by careful census in 1890 that there were 2,451 polygamous families in the United States, belonging to the Mormon church. In October, 1899, it was found that this number had been reduced as follows:

By deaths, 750; by removals beyond the confines of the republic, 63; by divorce, 95; leaving at that time 1,543.

"In May, 1902, it was ascertained that the original number had been reduced by 1,554, or 63 per cent, leaving only 877 still living and that the great majority of them are of advanced age. Since then many have died and the indications are, from the rapid decrease in their number, that the number of polygamous families will soon be reduced to zero."

SMITH'S WIVES.

Salt Lake City, Utah, March 5.—Joseph F. Smith, president of the Mormon church, is known to have been married six times. He married two of his wives at once. He still lives with five.

All the Mrs. Smiths declare they are happy and resent the public feeling against their husband. They are outspoken in their defense of him and hope he will tell the United States Senate a few more things before he returns to his firesides.

Mrs. Mary T. Swartz Smith is the mother of Smith's youngest children. She declared today that all of her life she had been a believer in polygamy and accepted the revelation of Joseph Smith as the work of God. Referring to the testimony of Smith, she said:

"He's giving it to them straight and strong and I hope he keeps it up. Something will happen to those people who are always interfering with other people's business. I'd like to see them get it behind both ears. They will, too. They drove us out here into this valley when there was not even sage brush here, and now I suppose they want to drive us out of this place."

Edna L. Smith is one of the Lamson sisters. The two girls were married to Smith on the same day. One ceremony sufficed to seal both to the Mormon chief. Edna L. Smith was outspoken in her praise of the attitude assumed by her husband on the witness stand at Washington. She said in part:

"Mr. Smith has followed the only course an honest man could pursue. And I fully agree with everything he said. I want to say to the people of all the world that I am proud that I am a wife of Joseph F. Smith. I am a plural wife and I am proud of it."

Washington, March 5.—It was an exciting day at the capitol. Partisan-ship for Smoot got Senator Beveridge and Foraker into trouble.

During the progress of the Smoot case before the senate committee on privileges and elections Senator Beveridge received a good-natured rebuke by Chairman Burrows and Senator Foraker was "called down" by Senator Hoar.

Those present recalled the time when the venerable Senator Pettus laughed down the young senator from Indiana. Senator Burrows referred to Beveridge as counsel for Smoot. Since the hearing began Senator Beveridge has shown himself a strong partisan of Senator Smoot. By leading and argumentative questions addressed to the witness, Joseph F. Smith, president of the Mormon church, Senator Beveridge took up the cudgels for Smoot and the Mormons.

Beveridge had just asked a question when Burrows spoke. Turning to the Indiana senator, he said: "I understand the counsel," then pausing to let his words take effect, he added, "I mean the senator to say," quoting the Beveridge interrogatory.

His colleagues were amused at Beveridge's expense, but he showed no indication of heeding the kindly rebuke.

During the examination there was a hot dispute between Senators Hoar and Foraker, due to Senator Foraker's intervening in favor of the Mormon president.

When Senator Hoar asked a question in regard to the practice of polygamy, Senator Foraker stopped him with the declaration that "the witness had gone over that 50 times."

Senator Hoar rose to his feet and vehemently resented Senator Foraker's statement, which he said implied "that he had asked the question 50 times and received 50 answers." Senator Foraker, much disturbed, arose to his feet and faced Senator Hoar. (Continued on Page 6, 6th Col.)

SHOT HIS NIECE

Then Manufacturer Muhlback Killed Himself This Morning at His Apartments in New York--Objected to This Young Woman's Suitor.

New York, March 5.—Charles F. Muhlback, a manufacturer of excelsior buttons, committed suicide this morning after attempting to shoot and kill his niece, Lena Fresmicht, who persisted in receiving the attentions of a suitor who was objectionable to Muhlback. The tragedy took place in Muhlback's apartments at 45 East 87th street. Muhlback fired two shots at the girl, the first striking her in the chin and the second perforating her shoulder. The woman is in a critical condition at the Presbyterian hospital and is unable to make a statement. Muhlback was found lying on the bed with two bullet wounds in his breast. The police believe from investigations that Miss Fresmicht returned home early this morning in company with a young man and that Muhlback was waiting for her. They think that Muhlback came suddenly upon them and after the young man had fled Muhlback in a jealous rage opened fire on the girl. After she was shot Miss Fresmicht ran into the apartments of Mrs. John McGinire, a tenant on the same floor. Who the third person in the police have been unable to learn. There is little chance of the woman living.

RAILROAD NOTES.

New Trainmaster.

The Ashtabula Telegraph publishes the following from Geneva, O., which will be read with interest in Newark:

An order was posted on the door at the headquarters of the Cleveland, Painesville and Ashtabula electric line at Painesville yesterday announcing to the employees that Mr. Greene, who heretofore has held the position of train dispatcher had been promoted to the office of trainmaster. This practically means that he is now superintendent of the road. "The promotion is merited and is hailed with delight by the crews employed to operate the line. Mr. Greene came here from Columbus to accept the position of dispatcher last fall, and his knowledge in handling railway cars has had the effect of bringing him an early promotion. Mr. Greene is genial and popular and the announcement of his promotion will be well received by those who have had dealings with the line through him.

LODGE NEWS

Masons.

Mr. L. P. Schaus, who is a prominent Mason of this city, and member of the Grand Lodge of Ohio, pleasantly surprised Bigelow Council, No. 7, R. & S. M., at its meeting on Wednesday night. Mr. Schaus, who for eight years has been thrice illustrious Master of the Council, presented that body with a complete set of golden jewels for the officers of the Council. Each jewel bears the appropriate design for the officer to whom it belongs, surmounted by a trowel. The jewel depends from a golden bar by a purple ribbon, and the entire design is rich and beautiful.

The regular meeting of Warren Chapter, No. 6, R. A. M., will be held on Monday night, when there will be work.

Modern Woodmen of America.

Cedar Camp, No. 4727, Modern Woodmen of America, Newark, O., will soon reach the 1,000 membership mark, so long sought; at least, such was the opinion of the 108 members present at the last meeting of the camp on Wednesday evening. Twelve applications were presented and accepted by the camp and J. F. Farmer Burton Gardner, C. G. Parr and Edward Wise were led through the tail timber and given a few lessons in the practical lessons of woodcraft.

A committee, consisting of H. B. Miksell, M. L. Shively and E. W. Murphy, was appointed to draft suitable resolutions on the death of Neighbor P. E. Smoke, who died very suddenly on Saturday evening and was buried at Etna on Monday afternoon. Quite a number of the members attended the funeral.

A committee, consisting of J. P. Lamb, Rees R. Jones and J. W. Adams were appointed to devise means for increasing the membership to 1,000 and also to prepare for some suitable celebration of the event. Neighbor Frank Kinney, assisted by James Rutledge, has issued a challenge to the committee for a contest to run 90 days. Kinney and Rutledge to take the members living and working in West Newark and agree to defeat the balance of the membership. The losers to furnish a banquet. All members should be present at the next meeting, as there will be "something doing."

Odd Fellows.

The new officers have stepped into place and assumed official duties new to most of them. The elections are over and each of the newly-elected know where they will sit and have some idea of what is expected of them. Of them we would ask the questions: Are you prepared for the work before you? Are you familiar with the constitution and laws of the order and the by-laws of your lodge? What do you know about parliamentary law, those rules which should govern all bodies of the character of the one over which you are expected to preside and steer through the narrows and over the

choals of debate and executive action? Do you know anything about these matters, or is it that you only think you do? These are some of the things each newly-elected officer should not only think about, but should look into himself and find out about how the matter stands. Don't wait until the emergency shall arise in lodge proceedings and your knowledge and ability put to the test before you think of preparation for such occasions, but get ready now, get knowledge, and be fully equipped for all your duties, and you will have confidence in yourself that will be of very great benefit to you at all times and under all circumstances.

—Companion.

The regular meeting of Newark lodge, No. 623, I. O. O. F., was held on Monday evening. There was a good attendance of the members, but no business other than routine was transacted.

At the meeting of Olive Branch lodge of Odd Fellows, held on Tuesday evening, the second degree was conferred on four candidates and other business of importance was transacted.

Only routine business was transacted at the meeting of Mt. Olive Encampment on Thursday night.

There has been something doing in Licking lodge, Daughters of Rebekah, for some time past. At the last meeting four new members were initiated.

A. O. O. W.

All members of the A. O. O. W. are requested to attend the services at the Pine Street church Sunday morning at 10:30. The Degree of Honor has issued an invitation to the members of the A. O. O. W. with their families to join with them in a social evening on March 16. Members should keep this in mind, as the ladies expect a great time at this occasion.

The regular meeting of Golden Rod lodge Monday evening. Let all members make an effort to be present.

Maccabees.

The Knights of Maccabees of this district of Ohio held a meeting at the Clarendon hotel in Zanesville on Thursday afternoon at 1 o'clock. Delegates from every camp in the district were in attendance.

The great commander, F. M. Parker, of Ellyria, called the meeting to order. Commander Parker is a former Zanesville man, having lived here until the civil war broke out. At that time he was the principal of the McIntire academy. The reports of the different camps were called for and each showed the affairs of the order to be in a flourishing condition.

The election of four delegates to represent this district at the State Camp meeting in Columbus on April 19 and 20 resulted as follows: C. V. Bell, Marietta; Edward H. Hurlbaugh, Newark; W. H. Honabarg, Warsaw; W. E. Guinsler, Junction City.

At the last supreme tent held three years ago, it was decided to make the conventions triennial instead of every two years, as was customary. A new departure was the election of district officers. Heretofore each district has not had its own, special officers, but has merely had an organization.

District officers for the following offices were elected: Past commander, commander, lieutenant commander, record keeper, finance keeper, sergeant first guard second guard, chaplain, sentinel and picket.

The lodges represented were: Octagon at Newark, by Edward Hurlbaugh; Zanesville at Zanesville, by Gilbert D. Sites; Purity at Purity by J. A. Honabarg; Pride of Guernsey at Bysville by Wm. S. Green; Mound at Marietta by C. E. Bell; Golden Rod at Junction City by W. E. Guinsler; Coshocton at Coshocton by Ivan C. Harris; Merit at Cumberland by J. W. Covert; Dale at Dale by R. Rowland; Twin Cities at McConneville by G. E. Ffarr; Bartlett at Bartlett by Oliver C. McKain; Crooksville at Crooksville by R. B. Ray; Adamsville at Adamsville by J. L. Browning; Meridian at New Lexington by Thomas McClellan. Fifteen tents were not represented.

The Lady Nacabees met in regular session on Wednesday afternoon with a goodly number present. Order of business, applications for membership and balloting on candidates at the close for the good of the order. Lady Mrs. Jennie M. Paxton in a very impressive and able manner presented the retiring lady commander, Lady Emma Barlow, with a token of friendship in behalf of the ladies of White Carnation Hive, No. 68, L. O. T. M.

K. O. T. M.

Octagon Tent held a regular review Friday evening, March 4. Deputy Pow-

ell, who is now with the tent, has caused a great deal of interest to be taken in the work of the order, as was shown by the large attendance last evening. Seven candidates were initiated and twenty-eight applications were received and accepted.

It is the intention of the tent to initiate a class of one hundred candidates on the night of April 1. State officers will be present and the initiation will be followed by a banquet. Edward Hurlbaugh, who was present at the district convention held in Zanesville Thursday, March 3, as a delegate from Octagon Tent, was chosen as a delegate to the state convention to be held in Columbus in April.

Mothers and Daughters

Every woman who has a grown daughter knows well the worry and anxiety which always comes at that period of life when girlhood merges into womanhood. Upon a girl's condition at this time depends her future health, strength and happiness. Too much care can not be taken to see that the passes through this period safely.

AUNT DINAH'S OLD VIRGINIA Herb Tea

A BOON TO WOMANKIND

One of the greatest assistance to nature in bringing about the change which takes place, without disturbing the natural functions of the system. It keeps the roses in a girl's cheeks and prevents that tendency to decline which so often endangers her life at this critical point in development.

This Herb Tea is likewise of corresponding value and assistance to matrons and mothers at the end of this period. Its use will at this time prevent undue nervousness and worry. A woman will enter the evening of life with scarcely the knowledge that the change has occurred. Many are the thankful women who know the value of Aunt Dinah's Old Virginia Herb Tea and are grateful for the benefits derived from its use.

Kennemer, Wyo., Nov. 29, 1902. Hamilton Wizard Oil Co., Chicago, Ill. Gentlemen:—Enclosed find 25 cents please send me another package of your Aunt Dinah's Old Virginia Herb Tea. I am greatly pleased with it, I would not be without it. Respectfully, Miss Mary Evans.

Buttalo, N. Y., Dec. 5, 1902. Hamilton Wizard Oil Co., Chicago, Ill. Gentlemen:—I received the Aunt Dinah's Old Virginia Herb Tea and I feel better in every way before I had finished taking one package. I feel sure it does all you claim for it. Best of love, Mrs. L. A. Jones, 108 Winslow St.</

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of *Mother's Friend* during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does *Mother's Friend* carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

MOTHER'S FRIEND

You Can Be Cured.

No. 11 Cedar Terrace, Hor Springs, Ala., April 28, 1903.
When I was first married I found that my strength and health were gradually diminishing. I became nervous and irritable, and was in bed a week and sometimes ten days of every month, and had intense bearing down pains. My husband had the best physician for me and I used his medicine for nearly four months, but I gradually grew worse, had less strength, and finally, I was unable to leave my bed at all.
A friend who was calling on me brought me a bottle of Wine of Cardui and was so kind in its praise that I told her that I would take it and please her. I was surprised and pleased that before I had used the bottle I really felt better, so I kept on using it. Eight bottles brought back my lost health and strength, and I have not had a sick day in six months.

Mrs. Etta Finnegan

TERESA, ST. ANDREW'S SOCIETY.

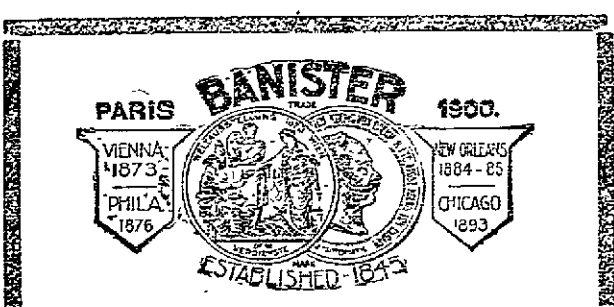

WINE OF CARDUI

Mrs. Finnegan had little hope of relief because she knew that every time she had those spells of menstrual suffering with attendant bearing down pains she was weaker. And every month the pain was growing more severe.
But Mrs. Finnegan was cured by Wine of Cardui. She is now so well that there are few women who would not be glad to have the health she has. And any woman who has those dreaded bearing down pains can have the same relief.
You can be free from menstrual irregularities if you take this pure vegetable wine. Why don't you take it when you see what it has done for others? Secure a bottle of Wine of Cardui today.

A WORD OF COMFORT

To the Distressed.

Fortunately for those suffering with Rheumatism in all its various forms, including Sore Joints, Sore Muscles, and Sore Feet, a remedy has been discovered by modern science which in every instance effects a speedy and positive cure. This new remedy is founded on scientific principles which are acknowledged by the medical world as the only correct treatment for Rheumatism or Neuralgic troubles. Medicines taken internally rarely ever effect a cure without upsetting the stomach. As a rule, they injure the digestive organs, shatter the nerves, and in many instances the patient contracts a drug habit which leads eventually to a decline of the physical and mental forces.

Paracamp is the new remedy and it is a departure from the antiquated methods. Paracamp enters into the system through the natural channels, namely, the pores of the skin. When applied it opens the pores and allows the healing, soothing oils to penetrate the sore, inflamed muscles and muscles, removes the congestion and draws out the fever and inflammation, by inducing sweating. This is the only treatment that can be endorsed by science, and is guaranteed to cure even the most obstinate cases of Rheumatic Swellings if used as directed. Paracamp can be procured at drug stores in 25 cent, and 50 cent, and \$1.00 bottles. Write for book of testimonials, sent free. The Paracamp Company Louisville, Ky., U. S. A.

AN OUTRAGE IN EVERY SENSE.

The Columbus Dispatch, a Republican paper, owned and operated by a former Republican congressman, speaks of the Chapman bill, which provides for the abolishing of spring elections, as follows:

"The Chapman bill abolishing spring elections is an outrage both in what it undertakes to do and in the manner of doing it. The grouping of city, state and even national elections on a single day, as has been explained, a great injustice to the cities, and the fact that the warfare on local independence was started so late makes it all the worse. The cities have no opportunity to make defense, and the various local enterprises, some of them of great importance, on which the people had expected to vote, are thrown into something like chaos. Everything waits on the falling of the legislative bludgeon. Had there been any merit in the bill, it would not have been proposed to discuss it and pass it and make it effective in so short a time."

Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Hall's drug store. Price 50c and \$1.00. Trial bottles free.

Mr. and Mrs. Charles Rhodes and Mrs. Price spent Friday in Newark, the guests of Mr. and Mrs. M. O. Nash and Mr. and Mrs. J. B. Jones.

At a meeting of the members of the Sophomore class of Denison University, Robert Sullivan was elected the editor-in-chief for next year's Adytum and Mr. Hixon the general manager.

Interesting Relic.

Granville, O., March 5.—Mr. W. A. Barrick, the well-known blacksmith of this place, has a very interesting historical relic in his possession pertaining to the early history of Granville, about one hundred years ago. The relic itself is over one hundred years old and consists of an iron hub band, taken off of one of the original ox

carts brought by General Augustus S. Munson, father of the late Hon. M. M. Munson, when he came with the pioneer settlers from Granville, Mass., one hundred years ago, and helped to establish Granville, O. The band is now doing service on a cannon stove belonging to Mr. Barrick, as a band on the bottom section. As one of the real relics of the original pioneers of Granville nothing could be more interesting than this old ox cart hub band.

"Would Spoil This Story to Tell it in the Headlines.

To use an eighteenth century phrase this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902 it is as story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melba Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all druggists.

CROP BULLETIN

Wheat Has Not Attained Its Usual Vigor For This Time of Year—Average Condition Falls.

Columbus, O., March 5.—The bulletin of the Ohio agricultural department, covering crop and live stock conditions up to March 1, says:

On the setting in of winter, owing to late seeding and lack of moisture, the wheat had not attained the usual degree of growth and vigor. In many fields there was but little appearance of the plant. The estimated condition of wheat on December 1 was 78 per cent of an average condition. The present estimate of 69 per cent is not unexpected.

While the winter has been severely cold there has been an exceptional snow protection. The ground has been frozen so unheaval of the wheat roots has been limited. Winter conditions in general have been more favorable than otherwise. Distribution of pure breeds of live stock indicate a continued and increased interest in the matter of fixed types of animals and a great diminution of chance breeds.

DEATH KNELL OF SPRING ELECTIONS

Ordered by State Administration and Bosses Dick and Cox--Chapman Bill, Which Passed the Senate to be Forced Though the House in Spite of Decent Republican Opposition.

Columbus, O., March 5.—The Senate having passed the Chapman bill, providing for the abolition of spring elections, the bill will now go to the House, will be referred to a committee and ultimately reported favorably under the dictation of the same bosses who forced it through the Senate. Some self-respecting Republicans profess to have a doubt that the bill will pass the House, but their opinions do not carry much weight. The order has gone out from the administration, at the instance of Dick and Cox that the bill must become a law, and there are not enough courageous Republican representatives in the house to prevent it. In the senate five Republicans joined with the Democrats in opposing the bill, but their Republican colleagues refused to pay attention to their arguments. Senator Chamberlain (Rep.) said he believed the bill would cost the Republican party in the state 50,000 votes at the next election if it became a law. He is by no means alone in this belief, even among Republicans.

If the bill is enacted no municipal or township elections will be held in this state next April and all local officers will hold over. All elections will in future come on the same day in November and the people of Ohio will never again be able to devote one day to voting exclusively for local candidates and for the consideration exclusively of local issues. The Republicans think that by thus confounding state and municipal elections they can perpetuate the Republican machine in cities like Cincinnati, Cleveland and Columbus. For this purpose they are prepared to sacrifice not only the interests of these centers of population, but the welfare of the townships as well; for the rural districts are as much interested in this bill as the cities.

The practical operation of the bill will result in the publication of so many names on so many tickets on the official ballot that no man living will be able to examine the ballot and vote intelligently within the reasonable time which a citizen is expected to spend in the election booth. If the bill becomes a law, at every election thousands of ballots will be thrown out on account of improper marking and thousands of others will be voted unknowingly against the real intentions of the voters. Moreover, it will require an interminable time to count the ballots thus cast. In many cases it will require from two days to a week to learn the full results of an election. Returns will be held back for counting, thus suggesting the idea of fraud and filling the atmosphere with suggestions of corruption. The voters will become disgusted at the cumbersome machinery of their elections, the stay-at-home vote will be greatly increased and the objects of popular government correspondingly retarded.

The Republican talk about a constitutional amendment providing for separate state and municipal elections, each in November in alternate years, is all rot. It is intended to fool the people and give Republican representatives and senators an excuse for voting for the Chapman bill. Under the present system created by the Longworth act a resolution by the Legislature for the submission of a constitutional amendment to the people has no real force whatever. The Republican machine will decide whether the amendment can be voted upon by determining whether or not it shall be placed on the ticket under the Republican emblem. The Republican state central committee in its call for the convention will say whether this shall be done or not. Thus the whole question of submitting this vital amendment to the people will be left not in the hands of the Legislature, but in the hands of the twenty-one men comprising the Republican state central committee.

By dropping the constitutional amendment from their ticket the Republicans will accomplish their present object and the Chapman bill will be fastened upon the people of Ohio forever, or until a Democratic Legislature is elected.

UTTER DISREGARD

Of All Decency Chapman Bill Forced on the House.

Columbus, O., March 5.—In utter disregard for all decency and precedent the Chapman bill got its first start in the House on Friday before adjournment.

Although only 15 of the 110 members of the House were present Friday morning, which is 41 less than a quorum, the Chapman bill was received, given its first reading and referred to committee. The speaker ignored every demand for a roll call of the House and completely outdid anything ever attempted by Czar Reed or any other tyrant in the chair to throttle the rights of members on the floor. No roll call was permitted and the speaker simply carried out the demands of the leaders of the outside lobby and the dictum of the governor and Bosses Dick and Cox. The speaker refused to recognize any member on the floor, either Republican or Democrat, to make a motion of any description except that to push the Chapman bill, which motion he declared carried, although it was clearly in evidence from the number and loudness of the protests that a decided majority on the floor were against the speaker's ruling.

DEATHS FROM PNEUMONIA.

Week Past Has Marked End of Many Prominent Persons--Hospitals All Over the Country Over-Crowded With Victims.

Never in recent times have so many prominent persons died from pneumonia as during the past week, and the disease is raging in epidemic proportions all over the country. The record of 322 deaths in New York last week is closely followed by Chicago, where there were 173 deaths, and in Boston and other centers, in all of which the hospitals are overcrowded with pneumonia victims. Physicians are devoting more attention than ever to means to prevent pneumonia, and the leading authorities agree that the majority of fatal pneumonia cases are caused by the patient taking for a cold some so-called "cough cure" or "hal-sam" which depends upon poisonous drugs for its effect. These drugs deaden the nerves and stop secretion along the breathing tract, which is always followed by congestion and inflammation, and that causes pneumonia. There is the same danger in the use of other so-called

cures which depend upon the alcohol they contain for their temporary stimulating effect. It is almost impossible to find a single preparation among patent medicines that does not contain these dangerous poisonous drugs and alcohol—and it is inviting pneumonia and death to use them. Without these injurious drugs, Father John's Medicine cures colds, long standing coughs and all throat and lung troubles. It is not a patent medicine or "cough syrup," but a body builder and tonic, it cures colds by soothing and healing the throat, and nourishes the system at the same time. Its gentle laxative effect strengthens the stomach and corrects the digestion, so that each organ of the body is able to properly perform its work—that is how the poisonous waste matter and impurities are driven out of the system. Its food elements make strength and restore to sound health those who are weak and run down.

The two choirs will unite, Mr. Ebersole leading, and furnish us with inspiring music. Mr. Kiernan will preach; subject, "The Potter and the Clay." Trinity Church.
Special sermon in the morning and special music in the evening. Everybody is cordially invited to worship our blessed Lord at Trinity church tomorrow, but I wish to make a special request that any who are troubled about their faith come in the morning to hear the sermon on that subject. Some are kept away from the Saviour by their inability to believe the doctrines of the church, others by a failure to see the practical application of them, and still others by prejudices which have always prevented a fair consideration of the subject.

I have something to say which I think will be helpful to all who are dissatisfied. At the evening service Mr. Will Reynolds will sing a selection from Mendelssohn's "St. Paul." G. W. VAN FOSSEN, Rector.

WHY MOTHERS WORRY

Did you ever hear a mother worry over a plump child? There is no better bank of health for a child to draw from than a good supply of healthy flesh.

Scott's Emulsion not only gives a child weight and plumpness, but it feeds the brain, bones and nerves with strength and active power.

Fewer mothers would worry if they knew more about Scott's Emulsion.

Scott's Emulsion is substituted by cheap emulsions and so-called wines, cordials and extracts of cod-liver oil. They can do you no good and are dear at any price. Why buy them? Scott's Emulsion has been the one reliable preparation of cod-liver oil for nearly thirty years.

Well known remedy for many years. Scott's Emulsion, New York.

Indefinitely. Important announcements will be made at regular services Sunday. A cordial invitation to all. Strangers are welcomed.

Holy Trinity.

In Favor of Russia

(Communicated.)
Is not the sentiment in favor of the Japs that the newspapers of this country are fostering more due to commercialism and Poo Bah business than real sympathy for the heathen and harem-cursed race and opposition to a race that is Christian and one that has been a progressive people and the means of civilizing many savage dependencies? A nation that has been our friend from the beginning and under the most trying circumstances.

I have met Russians as well as Japs and you may vote me Russian every time. Very respectfully,

DAMAGE SUIT FILED BY WILLIAM S PARKS, OF UTICA.

Action Brought Against John W. Smith—A Gas Lease Case—Realty Transfers—Court News

William S. Parks, of Utica, has brought suit in common pleas court against John W. Smith, of Muncie, Ind., to recover \$950, the amount alleged to be due on a gas lease which Parks gave to Smith on his farm near Utica. Smith agreed in the lease to pay \$800 per year whether he drilled any wells or not, and if he did not get gas by April 1, 1903, he agreed to pay Parks \$15 in advance each month for fuel until gas was produced. The lease provided that Smith was to drill four wells during the year and pay at least \$200 for each well, and as much more as the wells would produce in excess of 2,000,000 feet per day, at the rate of \$50 for each 500,000 feet. Smith failed to drill any wells during the year or to pay the amount agreed upon and refused to comply with the terms of the lease, and Parks brought his suit to recover for the whole amount due for the year. The lease ran for five years without the right of forfeiture on the part of Smith, and Parks expects to begin suit against him for each future installment as soon as it matures. Judge J. M. Swartz is attorney for Parks.

"Bucket Shop" Case.

Mr. J. Cashill, manager of the Newark office of the brokerage firm of Porterfield & Co., was arrested Friday on a warrant sworn out by Nathan Frad. The latter charges Mr. Cashill with conducting an illegal place of business or bucket shop. Frad asks \$307 damages.

Later in the day Frad had the furniture of the office attached and the same is now in a storage house until the case can be heard.

Mr. Cashill was released under \$500 bond and the date for the hearing of the attachment case was set for next Tuesday and the criminal case for Thursday.

This is said to be the third time Frad has been the principal party in similar cases.

Mr. Cashill states that it is his intention to fight the case to a finish. Smythe & Smythe are Frad's attorneys, while Cashill is represented by Wayne Collier and S. L. James.

Although practically all the furniture has been removed from the office of Porterfield & Co., business is being conducted today as usual.

The firm of Porterfield & Co. is one of the largest brokerage and banking houses in the country, with headquarters in Chicago. Mr. Cashill came here from Syracuse, N. Y.

Whiskey and Beer Habit
PERMANENTLY CURED BY "ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.
Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine cuts away the stomach lining and starves the digestive organs, thus destroying the digestion and ruining the health. No "W. I. Power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effect or Money Refunded.

Ask your druggist whom you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time! Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1. If the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box.

We will gladly furnish a treatment for any physician to make a special report for drunkenness.

MUSIC AND DRAMA

Tonight—Euterpean concert, Taylor Hall.

Tonight—Two Merry Tramps.

Monday—The Volunteer Organist.

Thursday—York State Folks.

Manager Rosebrough's announcements for the Auditorium next week cannot but please the most censorious of Newark theatergoers, and the promises of the press agent concerning the "Volunteer Organist" and "York State Folks" may be more nearly accepted in their entirety than it is usually safe to do.

Especially is this true of "York State Folks," and we say unhesitatingly that this will be one of the best things ever seen at the Auditorium. It has played here before this season and the characterization put on at that time by James Lackaye as Simon Peter Martin has never been surpassed in this city. The entire company is excellent and the play pure and wholesome, and those who do not go will miss a theatrical treat.

Messrs. Frank Maurath, Sam Browne, Ralph S. Wyeth, the Misses Alice and Julia McCune and Miss Ada Follett attended the performance of "The Second in Command," by John Drew, at the Great Southern, Columbus, Friday night.

Mr. and Mrs. Charles Haynes, who were here with the Rogers comedians last week, will be remembered by many friends whom they made during their stay at Idlewild Park, where both were members of Mr. Charles Ros Kam's Chicago stock company. They left this company on tour about six weeks ago, owing to Mrs. Haynes' illness, and report that Mr. Ernest Moore, the Newark magician with the company, is about well again and meeting with great success.

Both Mr. and Mrs. Haynes would

like to come to Newark again this season, and the King Dramatic company, which has an engagement at the Park, could do no better than to sign both, as they would fill in very nicely. As ingenue, Mrs. Haynes is beyond comparison better than the woman who was supporting Mrs. Du Vault while they were here, and Mr. Haynes could also be used advantageously.

The seat sale for Sir Henry Irving's two performances at the Great Southern theater next Thursday and Friday evening will go on sale Monday morning, and there will be quite a number from Newark avail themselves of the opportunity of hearing the acknowledged master of English dramatic art. On Thursday he will give a gorgeous revival of Louis XI, while Friday he will put on "Waterloo" and "The Bells." It is hard to make a choice which evening to attend.

Cincinnati will not have grand opera this season, but Pittsburg, about equally distant from Newark, is to have a magnificent festival. The old Grau forces, now under the management of Herr Conried, will open there on March 29 with "Tristan and Isolde," to be followed by Mozart's "Magic Flute," "Carmen," with Calve in the title role; "Faust," and the sublime "Gottterdammerung," will close the season. Several music devotees in Newark are beginning to arrange to attend all or at least some of the operas in Pittsburg, as it can be done just as easily as was the case last spring in Cincinnati.

The operas will be given in the new Nixon theater and will be under the management of G. Schlotterbeck, Nixon building, ground floor, to whom all orders for seats should be sent or requests for announcements or other information. The editor of this depart-

ment of The Advocate will also undertake to receive and forward orders for seats and give other information desired by any one who wishes to attend the grand opera festival.

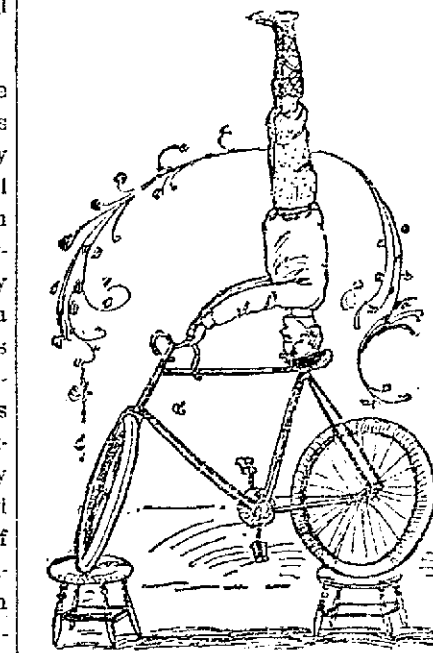

Miss Mary Baldwin, daughter of Dr. and Mrs. W. M. Baldwin, who has been studying with one of the most successful vocal teachers in Columbus, has been offered a position as soprano in the Broad Street Methodist church choir of that city and will probably accept, beginning her work there in a few weeks. Miss Baldwin is a member of the Woman's Musical club of Columbus, under whose auspices the Schumann-Heink concert will be given on the 17th inst., and is an enthusiastic musician who is making a success. She said to The Advocate this week that already she had orders for more than a dozen tickets for the Schumann-Heink concert and that undoubtedly about 25 would attend from Newark.

Miss Florence M. King, under whose direction the play at Taylor Hall was so successfully put on by the Monday Talks this week, has been for several years a distinct and potent force in the musical and dramatic life in Newark. Miss King is a woman of very superior mental attainments and has a conscientious energy which carries any project begun by her to a successful issue. For five successive years she has taken up the work of presenting a dramatic sketch for the Monday Talks, and every year she has scored a complete success. The names of these plays will recall pleasant memories to those who saw them, and each will be remembered as a personal triumph for Miss King. Five years ago she produced "Paraphrase Five," which was followed by "Roseberry Shrub." A double bill, "Picking Up Pieces" and "The Man Who Wasn't," came next,

and again last year it was a dual performance, "My New Maid" and "A Gentle Jury."

Miss King possesses a knowledge of dramatic capabilities in a sketch, as well as an ability to develop histrionic talent in those whom she chooses to take the parts, that seems almost intuitive, and thus it is that the remark is often made after seeing one of her productions, that some one, who never before had any experience, did a part like a professional Thespian.

Miss King is the author of some very good verse and prose, and quite a number of the plays brought out by her have been her own dramatizations. She is also a finished musician and is organist at the Second Presbyterian church. Although modest and retiring, she has become well known throughout the city as one of its most intellectual women and thorough musicians.

When "York State Folks," that prettiest of rural comedies, is seen here it will be with the same cast of originals who have helped to make Arthur Sidman's delightful story of life in a York state village famous. James Lackaye still plays stern old Simon Peter Martin, and Raymond Royce is winning new laurels for his sympathetic impersonation of the village organist, Myron Cooper. The original company remains intact and the scenic mounting used on this tour is that provided for the three months' run of the play at the Majestic theater, Boston, just terminated. Auditorium next Thursday night.

Never in the history of the Auditorium has there been put on a better character sketch than that of last Monday night, when "The Earl of Fawtucket" was given a sumptuous mounting, with Frank Monroe doing the part of Lord Cardington, a scion of a noble English family traveling in American incognito. The best traits of English character are personified in Lord Cardington and the manner in which these were given by Mr. Monroe carried the sympathies and approval of the audience for the creation as well as the artistic cleverness of the actor.

Marie Pettes as the leading woman

was also a favorite with the audience, and the entire company were well equipped to put on a most pleasing and clever performance, which is the verdict of every one who saw it.

Much interest is attached to the forthcoming production of "The Volunteer Organist," which comes to the Auditorium Monday night next. The play is of the pastoral order and is an idyll in its way. The story of the drama is simple and is blended with genuine comedy and exceptional pathos. Advance criticisms of the show speak in glowing terms of the cast and scenic effects. There is not a dull moment throughout the play and the plot is never permitted to lag. W. B.

Gray, the author of "The Volunteer Organist," is a well-known composer of popular songs, among which may be mentioned, "Old Jim's Christmas Hymn," "She's More to Be Pitied Than Censured," "The Church Across the Way," "The Mother of the Girl I Love," "When You Know the Girl You Love Loves You," and last, but not least, "The Volunteer Organist," around which he wrote the four-act drama cited above.

HON. C. B. GIFFIN DIES.

Former Newark Postmaster, Representative in Ohio Legislature, Pioneer Citizen of Licking County, Prominent Mason Passes Away at Home of Son-in-Law Judge Jones.

One of Licking county's oldest and best citizens obeyed the inevitable summons that awaits all who are mortal on Friday night. Hon. Charles Barnes Giffin died at his home with his son-in-law Judge John David Jones of Granville, at 19:30 o'clock on Friday night, after an illness of some time from a general breaking down and decay incident to old age, combined with kidney trouble.

The funeral services will be held at the late home in Granville on Monday afternoon at 1:15 o'clock and will be conducted under the auspices of Newark lodge, No. 97, F. & A. M., of which the deceased was long a prominent member, and the officiating clergyman will be Dr. C. L. Work, pastor of the Presbyterian church of this place, and Rev. L. S. Boyce, pastor of the First Presbyterian church of Newark.

The Newark Masons will attend the funeral in a body on special cars leaving Newark about noon, and after

the funeral the remains will be taken to Newark and interred in Cedar Hill cemetery.

The intelligence of Mr. Giffin's death will be received with universal sadness throughout Newark and Licking county, and the state, where he was so well known and universally respected and beloved.

Born in Licking county, Mr. Giffin passed the greater part of his long and useful life—living for nearly eighty-two years within the borders of the county. A model in the domestic relations of husband and father, he was an honest upright man and an enterprising public-spirited citizen, always taking an active interest in anything pertaining to the public welfare. He performed invaluable services during the late civil war in encouraging and aiding enlistments, and in helping the country's cause in every way. Generous and charitable he delighted in doing good to others, and was never so happy as when helping a friend and relieving distress. In his home, in the church, in the fraternal order of which

he was so devoted a member, and among a large circle of friends he will be sadly missed, for all who knew him loved him.

Following is a brief biographical sketch of the deceased, taken from the Licking County Memorial Record:

"Hon. Charles Barnes Giffin was born in Mary Ann township, Licking county, September 12, 1823, and was a son of James and Rachel (Barnes) Giffin, natives respectively of Pennsylvania and Virginia, and passed his boyhood days in Mary Ann township, Licking county, and at Martinsburg, Knox county. In 1838 Mr. Giffin came to Newark, where for some time he was variously employed at any work he could find to do. After spending a short time in a tannery as an employee, he commenced in 1840 to learn the business of a woolen manufacturer, and was thus engaged until 1853, being a part owner of the mill from 1849 until 1853. The enterprise was not successful, and being obliged to seek other employment, he entered a machine shop and learned the machinist's trade.

"An old-line Whig in early life, Mr. Giffin was one of the first in Licking county to advocate the principles of the Republican party when it was organized in 1856. So prominent did he become as a representative of that political organization that in 1855 he was chosen the first candidate of the party for the Ohio State Legislature. He was elected and served one term in a manner reflecting great credit upon his own abilities. His election was entirely unsought by him. Soon after the inauguration of President Lincoln Mr. Giffin was appointed postmaster at Newark and was reappointed by the same gentleman at his second term, but the assassination occurred before the appointment was confirmed. Later this was done by President Johnson, but as Mr. Giffin did not choose to act as a tool for the President, he has the distinction of having been the first official removed from office by that executive in Ohio. Returning to private life, he worked as a carpenter and contractor, and being an expert worker in wood, he was engaged for some time in manufacturing the molds for the glass works, etc. He was identified for many years with the Pioneer Historical and Antiquarian society, of which he was the oldest member at the time of his death.

"On May 16, 1853, Mr. Giffin was made a Master Mason in Newark lodge No. 97, of which he had served as master and secretary. He had also been high priest of Warren Chapter, No. 64, and a member of Bigelow Council, No. 7, R. & S. M. In his religious connections he was a member of the First Presbyterian church of Newark for many years and was for years its efficient secretary."

The deceased was married to Mary Hower, who was born near Carlisle, Pa., and who was a daughter of Jesse and Margaret Hower. To Mr. and Mrs. Giffin were born five children, of whom three still survive, being Mrs. J. D. Jones, of Granville, and W. F. and J. H. Giffin, of Newark. Besides these the aged widow also survives.

RACE AGAINST DEATH

From Lone Star State to Alexandria, This County--I. B. Chadwick Brings His Dying Brother Home to Gratify the Latter's Great Desire.

A successful race against death half way across the continent was finished at 3:10 o'clock Friday afternoon by the arrival in Alexandria, eleven miles west of Newark, of Trainmaster I. B. Chadwick, of the Ohio Central lines, accompanied by his brother, Albert Chadwick, who has made the long flying trip from El Paso, Texas, in order to die in his old home. The trip was made on board the fastest trains and special cars, drawn by chartered engines, and hardly a stop was made in the flying race homeward. The dying man's greatest wish will now be gratified, and he will close his eyes amid familiar scenes, surrounded by well-beloved faces.

Mr. Chadwick's brother went to Texas some time ago in the hopes that he might be cured of the dread consumption which afflicted him. The move had been made all too late however, and recently Mr. Chadwick was called to his brother's bedside.

The doctors had given up the last hope and had said that he must die very soon, so when the dying man expressed the wish that he might die at his old home in Alexandria, the sorrowing brother at once arranged for the best railway facilities obtainable in bringing the sick man back to Ohio.

On the fastest trains the two brothers, the one with heavy heart, and the other lying weak upon a stretcher, were whirled away hundreds of miles to St. Louis, where they boarded Pan Handle No. 14 for Columbus, this train being the fastest on that road.

Arrangements had been telegraphed ahead by Mr. Chadwick, and when the Hocking Valley officials in that city received a message from him from Indianapolis apprising them of the fact that the brother still lived, they prepared a Zanesville and West ern private car and a special engine to make the run from Columbus to Alexandria, over the Ohio Central.

The Pan Handle train arrived in Columbus at 12:45 Friday afternoon

and the sick man was carried to the special, which was to take him home.

The special train arrived in Alexandria at 3:10 p. m., after one of the fastest runs ever made over that section of the system. While very low from the fatigue of the long swift journey, added to the weakness of approaching dissolution, the sick man was very happy at the thought of being at home once more—in the dear old home he had almost lost all hope of ever seeing again. It is believed that he may live several days yet to enjoy this last comfort of his life.

Mr. Chadwick is the son of Mr. I. S. Chadwick.
